12-1-95

Mr Weisberg,

I am reading Case Open. While in N.J. I was lucky enough to find the last copy at Barnes + Noble. (Rt. 22)

When I read the back cover I found "ALL" of the tactics used by Government employees in my own tort claim for property damage.

I hope you don't mind if I cite your book along with the standard Form 95 (Personal & Property damage - Dept. Justice Form)

Regards,

John V Smith
